

JUSTYNA KWAŚNY

OBJECTIVE

Research Associate, Chemical technologist, Environmental engineer

EDUCATION

- 12.2012 – at present Cracow University of Technology
Faculty of Environmental Engineering
pre-PhD thesis: *“The application of nano zirconia to reduce biogas volatile impurities”*
- 10.2010 – 12.2012 Cracow University of Technology
Faculty of Chemical Engineering and Technology
pre-PhD thesis: *“Elimination of odorous emission from pig slurry”*
- 10.2005 – 07.2010 Cracow University of Technology
Faculty of Chemical Engineering and Technology
M.S. Organic Chemistry and Technology
M.S. Thesis: *“Examining the properties of isolated substances from selected Umbelliferae plants”*

EXPERIENCE

- 15.04. – 31.07.2012 Coca-Cola HBC Polska Sp. z o.o., Position: Quality Assurance Technician T1.
Work at Laboratory Quality Assurance
- 20- 31. 07. 2009 Student practice at Bielenda Kosmetyki Naturalne Sp. z o.o.
Getting to know the outline of action of the company. Work at Laboratory and The factory floor

EXTRACURRICULAR

- Languages: Polish- fluent (read/speak/write)
 English- intermediate level (read/speak/write)- Having the certificate of the knowledge of a language- level B1
 Specialist English- chemistry- intermediate level (read/speak/write)
- Work in the laboratory (knowledge of laboratory techniques)
- Some experience in computer applications and programming (MS Word, Excel, Power Point, ChemCAD, Open Office)
- Statistical analysis of the process and experiment planning using a computer program (eg Statistica)
- Teamwork
- Responsibility, creativity, perseverance, diligence
